Funeral Held Today for Former Mayor

(Continued from Page 1)

been severely lacerated about the face but was otherwise uninjured. The older boy, Jimmie, was injured. Jean Fitzhugh, a daughter, was not with the family at the time of the accident, but was visiting friends at La Jolla.

Was Well Known Here

Mrs. Fitzhugh and the children are now staying at the home of her father, at 181 So. Virgil street, Hollywood. She was unable to attend the funeral. Mrs. Fitzhugh was president of the Torrance Women's club during 1924 and 1925. She was given the honor of turning the first shovelful of earth at the start of construction on the new clubhouse here in May, 1925.

Word of the fatal accident, which occurred as the Fitzhugh party was returning from a Labor Day outing, reached Los Angeles when Lone Pine doctors telephoned a request to Dr. Rowley for an airplane ambulance to return the injured woman and her children for emergency treatment. The seats of a Ford passenger plane were stripped and ambulance equipment installed shortly afterwards and the plane left the Glendale airport about 6 o'clock Tuesday morning with Dr. Rowley aboard.

Mr. Fitzhugh was well known here and was noted for his fine qualities as a citizen. He was city sales manager for the Columbia Steel Company. The Fitzhughs lived at 2029 Arlington avenue for a number of years and moved from here about two years ago to reside in Los Angeles.

Newberry Store Opening Here Is Record For Co.

Manager Ronning Expresses Appreciation For Warm Welcome

A new high mark in attendance and sales volume was set last Saturday when over five thousand shoppers attended the formal opening of the J. J. Newberry Company's new store in Torrance, according to Fred Ronning, manager.

"It was one of the best openings we have experienced in several years in Southern California, surpassing the ones at Alhambra, Covina, and the Santa Monica boulevard stores, all of which were outstanding successes in Newberry history," said the enthusiastic local manager. "To say that the J. J. Newberry Company and myself are grateful for this generous welcome on the part of local citizens, is putting it mildly. We are indeed deeply appreciative of the hearty reception given us, and shall strive to continue to merit your patronage and your friendship."

Thanks Herald

Sixty salespeople were kept busy all day, Ronning said, and the crowds that thronged the aisles of the new store Saturday. Business has been very good since the opening, too, according to Manager Ronning, and the normal staff of twenty people at the local store has been kept busy all this week.

A large measure of credit for the successful opening was given the Torrance Herald by Manager Ronning, as the opening sale announcement was advertised exclusively in this newspaper. No money was spent in any other advertising medium.

"We gave it all to the Herald and they certainly gave us our money's worth," Ronning said. "Shoppers came in throngs from Lomita, Gardena, Compton, Hawthorne, and other near-by communities, and by the crowds that packed the store all day Saturday, I think nearly every household in Torrance was represented among the visitors on the opening day," the popular young manager concluded.

In Memoriam

Jimmie Fitzhugh came down from the mountains in an airplane. His family was with him—Mrs. Fitzhugh, Jimmie, Jr., and little Quentin. Jimmie would come home that way—even though his soul was soaring to even greater heights in the altitudes of serenity.

Jimmie Fitzhugh loved his family as few men can. He passed away with them about him—just as he would have liked to go, quickly, and without grief's pang.

To those who knew him well Jim Fitzhugh's life was a song of generosity and joy. He was happier than many because he never betrayed a friend or a confidence.

This is written by one who, because of Jimmie, is stirred to new inspirations to seek happiness through the clean channels of selflessness and consideration for others.

God speed you, Jimmie, Old Boy. It has been one of the privileges of living, one of the compensations for worldly ills, just to have known you well.—W. Harold Kingsley.

Judge Tells Woman To "Think Twice" on Having Mate Jailed

"You'd better think twice before having your husband arrested again," Police Judge C. T. Rippey counseled Mrs. Emma Crawford, of Long Beach, Friday, when she appeared to ask that her charges against her husband be dismissed. She had previously demanded that police officers arrest him on charges of being drunk and disorderly at Portola and Sierra avenues.

It appeared that the Crawfords were driving home from a party in Torrance. Mrs. Crawford objected to her husband's erratic driving. She told officers, who were patrolling in the neighborhood where they had stopped to argue, that he became very abusive. At police headquarters, Crawford deposited \$25 for bail to appear Friday. Mrs. Crawford was the only one to appear at the trial, and she said that because he could not leave his work that she wanted the charge dropped. This the judge refused to do and he ordered the bail forfeited.

Engineer's Picture of Water System

(Continued from Page 1)

washed out leaving the interior as wholesome as the inside of a water glass.

At the side of the reservoir shown in the accompanying picture is the elevated storage tank, holding 250,000 gallons.

This tank serves a dual purpose. It regulates the pressure because of its height and pressure flow and provides an emergency storage basin in case of any kind of disaster. It is a vital point in the whole plan for the publicly-owned system. Built of steel and imbedded in a deep concrete understructure, it will withstand any kind of a calamity.

Saving on Cost

It is interesting to note that while the water company has repeatedly declared it was "going to" build an elevated tank, such as this one, nothing has ever come of it. And if such a plan was ever carried out to completion by the water company, the expense would be distributed to the company's consumers here who are already bearing a tremendous cost for the water they use.

A third purpose of the elevated tank will be the great saving to the water consumers to be served by their own system. Because it regulates the pressure on the entire system, the tank will eliminate high pumping costs at peak periods of consumption. An even flow of water will enable the city to install pumps large enough to meet the demand and which will be evenly used. Heretofore, pumps were bought by water companies and cities having publicly-owned systems in sizes and capacities far beyond the actual needs of the system in order that they could be run at their capacity loads during the peak periods of the day.

Grounds Landscaped

This causes a high consumption of power and the preliminary outlay of a great amount of money for the larger pumps. With the Torrance system of pumping, storing and distribution, this high power consumption and expensive initial capital outlay is eliminated.

The entire storage plant will be attractively landscaped and will be a credit to the beauty of the city. No stacks of buildings will be constructed and the land left in the torn-up state after the work is completed. The drawing shows the plant as it will be shortly after the work is completed and the grounds beautified.

New Fall Modes Are Here

For the Fashion-and-Value-Wise!

A Saving

The simple fact is that each fine thing you buy here costs you the minimum price.

Not only that, but when you step into this store and make your choice from our extensive stocks you receive the friendly selling service of your own neighbors interested in filling your daily needs effectively and thriftily.

Rev. Young Returns from Vacation Trip

Rev. R. A. Young returned from his vacation early this week and will be in his pulpit both services Sunday.

"California is all that we claim for it," he said today. "We traveled the coast from San Diego to San Francisco and well may we call this 'sun kissed California, the garden of God'."

The subjects for Sunday will be "The Power of the Church," and "The Claims of Christ." September will be known as loyalty month at the First Methodist Episcopal church.

AID TO MEET

The Ladies Aid Society of the Methodist church will meet Tuesday, September 8, at 2:30 p.m. at the church parlors for election of officers and a short business meeting. All members are urged to attend and others interested will be welcomed.

Flower Show Will Be Legion Event

(Continued from Page 1)

store building at 1334 El Prado, next to the Herald building, in which to hold the show.

This downtown location and the beauty of the room itself will be a great help in making the show a success. The 1000 square feet of space, available in not quite as great an area available in the high school gymnasium last year but should be ample unless the growth of the show greatly exceeds the expectations of the committee. The central location should be the means of adding greatly to the attendance.

Cool KITCHEN

.. and a Hot Oven!

CLARK JEWEL Red Wheel Gas Range

Gone are the days of the scorching cook-stove! The Modern Clark Jewel Red Wheel Gas Range will bring comfort to your kitchen.

Place any dish... or a whole meal... in the oven, set the Red Wheel at the proper temperature, and forget it. The meal will be deliciously done when you return.

Of course gas is quicker... and less expensive, too. A whole meal for six persons can be cooked for as little as 1 1/4 cents.

During September Only

Clark Jewel Gas Ranges, the latest models, may be purchased on twelve monthly payments... without interest. Allowance for your old range.

Register Now For Election In November

Books are again open for the registration of voters. All citizens who have not registered since January 1, 1930, must do so in order to vote at the general election, November 4. Re-registration is necessary for those who have changed their name or address. Re-registration in the latter case is necessary, even though the move is only from one house to another in the same precinct.

A citizen is eligible for registration now, if he will have been a resident of California one year on November 3; a resident of the county for 90 days; and of his precinct for 30 days.

Two deputy registrars are working in Torrance and Lomita. They are Mrs. E. K. Lynne, of Lomita, and Mrs. Laura G. Anderson, of Torrance. Mrs. Lynne urges qualified voters who have not registered to call Lomita 89 of Lomita 74 and leave their names and addresses so that she may call and sign them up. Mrs. Anderson is available at 1510 Engracia avenue, phone 430-W, or at the service station, corner of Cabrillo and Border avenues.

BIG PICNIC HELD

Guests of Mr. and Mrs. A. L. Smith of El Nido on Labor Day were Mr. and Mrs. Thorval Johnson and Mrs. Harry Paige of this city. A picnic dinner of "fried chicken n' everything to match," was enjoyed at Bixby Park. Another big dinner was held in the evening to which Long Beach friends also were invited.

TAX RATE SET

It is reported that Wilmington's tax rate for the next year will be \$1.59 per \$100, a reduction of one cent from the previous levy. The Los Angeles city proper rate is expected to be reduced three cents.

Relief From Curse Of Constipation

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause." But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the large, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or over increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 15c today—at the nearest Rexall Drug Store, Dolley Drug Co.—Adv.
